FOR IMMEDIATE RELEASE

Full Ramp Closure on Interstate-880 at the State Route 92 Interchange

Hayward – Beginning at 8:00pm on Friday February 4 and continuing until 5:00am Monday February 7th the southbound I-880 to eastbound State Route 92 (Jackson Street) and the westbound S.R. 92 to southbound I-880 connector ramp will be closed.

Detour: Motorists will exit southbound I-880 at the Tennyson Road off-ramp then re-enter the freeway on the northbound Tennyson Road loop.

Motorists familiar with the area may choose alternate routes such as A Street or Winton Ave to avoid the closure.

Trucks should use the official detour to Tennyson Road due to traffic and weight restrictions.

Westbound S.R. 92 motorists will proceed to Industrial Boulevard to access southbound I-880.

Motorists should expect brief delays and proceed with caution through the construction area.

The closures will enable Caltrans contractors to realign the southbound ramps and continue work on the future westbound S.R.92 to southbound I-880 bridge.

All work is weather permitting. Changeable message signs will be in place.
